Attractions & Activities Deal Collection

Travel dates: November 19-22, 2026 | 4 adults + 1 child age 12 | 5 travelers

Research purpose. This report collects attraction tickets, tours, activity bundles and free alternatives for later trip planning. It does not select attractions, build an itinerary, research flights or hotels, calculate a package, add markup or make bookings.

Search date. September 22, 2026 (Asia/Manila). Prices are transcribed from provider search/product pages. Most activity platforms did not expose exact November inventory without entering a checkout flow, so those records are labeled published reference rather than confirmed November availability.

Price conversions. TWD 1 = PHP 1.9787 and USD 1 = PHP 62.694. PHP equivalents are rounded. "5-person total" is shown only where a group price or directly calculable group price exists; otherwise availability and age-12 pricing remain unverified.

1. Research summary and website coverage

Website	Result	Coverage note
Klook	RESEARCHED	Tickets, bundles and northern/Taichung tour references.
KKday	RESEARCHED	Published TWD tour and activity references.
GetYourGuide	RESEARCHED	Tickets, tours, shuttle and private-tour references.
Trip.com Attractions	RESEARCHED	Join-in, charter and Taichung/Northern references.
Viator	RESEARCHED	Northern tours and food-experience references.
Official sites	RESEARCHED	Operating hours, admission rules and free-attraction evidence.

Distinct evidence-backed records collected: 40. Records are preserved by provider and product type; repeated results were not used as filler.

Quality-control summary

Age 12 is not automatically a child fare. National Palace Museum official policy says visitors 17 and under are free; Taipei Zoo publishes a 6-11 child band, so age 12 is full fare; Yehliu publishes 6 to under 12 child pricing, so age 12 is adult. Marketplace products whose child rate was not exposed remain unpriced for the child and are not presented as confirmed five-person totals.

Shopping-stop rule: suitable records are limited to products with no compulsory shopping requirement shown in the collected evidence. Tea-house or commercial workshop variants are flagged for manual review. No unsupported allegation is made about any provider.

2. Taipei city attractions

Ticket and free-access evidence for Taipei. Observatory access is kept separate from exterior viewing.

7. Shared and small-group sightseeing comparison

This comparison isolates tours rather than admission-only tickets. It is sorted by published adult price and is not a final selection. Child rates and exact November inventory were not exposed for most marketplace products.

ID	Provider	Type	Adult price	Key stops/inclusions	Transport / shopping note

Other inexpensive references: National Palace Museum official policy makes admission free for visitors 17 and under; Yehliu adult entry is NT\$120; Shifen Waterfall current New Taipei tourism evidence says free admission; Maokong Gondola reference fare is NT\$180 single or NT\$300 day pass, but tourist child concessions are not assumed.

9. Shopping-stop assessment

The labels below reflect only product descriptions and terms visible in the collected evidence.

Assessment	Records	Evidence-based note
A - no shopping requirement shown	40	Most tickets, free attractions, food/workshop and sightseeing records. "No shopping requirement shown" is not a guarantee beyond published terms.
B - commercial/optional or manual review	NT03 and related variants	Some variants may include a tea-house or commercial workshop stop, or optional food/retail activity. Review exact itinerary before treating as shopping-free.
C - mandatory shopping stops	None in suitable shortlist	No collected product was presented as a mandatory jade, tea, cake or duty-free shopping tour.

Later planning rule: verify the exact itinerary at checkout and reject any product whose terms explicitly require a retail stop or commercial demonstration.

10. Consolidated comparison by published adult price

Sorted by published adult price. Per-person references and group-priced records are retained without pretending that a one-person marketplace price confirms five seats. The five lowest published adult prices are shaded for quick review; this is not a recommendation.

11. Source links and verification notes

The evidence register preserves direct source URLs for audit and later rechecking. "SEARCH RESULT" means the price or product was visible in a search/category/product result but was not a confirmed checkout total for the five-person group. No bookings or payments were made.

Final verification checklist

Dates: November 19-22, 2026. Travelers: 4 adults + 1 child age 12. Scope: attractions and activities only. Exact date-specific availability is mostly unverified because providers required a live booking flow; recheck dates, age-12 classification, five-person capacity, mandatory fees, cancellation and meeting points before use. This report contains no final attraction decision, package calculation, markup or client quotation.
